SPEAKERSHIP TALK.

Who Will Be the Minority Candidate. Mr. Robert's Case.

Special to The Telegram.

Washington, D. C., November 28.—The estimates of the friends of the candidates for the minority leadership very greatly. The consensus of opinion however, seems to be that Mr. Richardson, of Tennessee, will lead on the first ballot. De Armond will probably get the next largest vote, with Bankhead or Sulzer close for third place. The friends of Sulzer are about the only ones who do not claim the selection of their candidate. Richardson, De Armond and Bankhead, all being very confident of their selection. Mr. Bankhead's friends claim that he will enter the caucus with not less than forty votes, but the other candidates do not concede him much more than twenty. They give the Alabamian his own delegation, Florida, and a few scattering votes from various southern states. The conservative estimates give him about thirty to start with. Bankhead's best chance for securing the minority nomination for speaker, as stated heretofore, will be in the event that there is a deadlock in the caucus, when he would be likely to get accessions from both Richardson and De Armond, and perhaps from Sulzer. It is predicted by many congressmen now here that if Richardson is not made the Democratic leader on the first or second ballot, that he will not be selected at all.

It is probable that both the republican and democratic caucuses will be held on Saturday. The republicans will likely meet in the hall of the house of representatives Saturday night. In their caucus there will be no contest over organization, excepting for the office of sergeant-at-arms, and Mr. Russell, the present incumbent, is making an earnest canvass for reelection. He has made a good official, and is popular with the members, and from the point of fairness, deserves a reelection, as much as do any of the house officials, but political considerations will probably operate to deprive Mr. Russell of his office.

The democratic caucus will likely assemble also Saturday, although there seems to be a disposition on the part of some of the candidates for the minority leadership to force a caucus on Friday evening. If this is done it will be by the opposition to Mr. Richardson, who will see in it an opportunity to deadlock the caucus, and send the nomination for speaker over until the following day, and this would give an opportunity for twenty-four hours of wire pulling and scheming. The only business which will be regularly before either the democratic or republican caucus is the nomination of house officers, though it is reported that in both bodies an effort will be made to bring up the case of Mr. Roberts, of Utah. It is the opinion, however, that all action in his case will be left to be acted upon by the house itself.

Only thirty days more in which to avail yourself of the immense bargains we now offer.

Vick's Catarrh Cream, 25c., relieves catarrh and head colds at once.

What a traveller it is, too! From Boston in the north, to southern Florida, and away west to Denver, off goes the "Black Seal Ceylon" Tea! Yea, truly, it hath cheered the hearts of officers in far a-field Manila. And it's at your grocer's.

McFerrin to North Alabama and stationed at First church, Birmingham.

Runaway Marriage. Miss Alitha B. Dalley, of this city, and S. E. Holland, of Danville, were united in marriage at Pelham, Rockingham county, Sunday afternoon and went to Danville Sunday night where they will reside. It seems that the parents of the bride objected to the union, but Cupid provided a plan. The couple were out driving and went to Pelham and were made man and wife. Mr. H. Holland formerly held a position with H. C. Townsend, of this city.

The ladies' party, held at the residence of Mrs. J. H. Bunde, after twelve o'clock today and desire us to say you can lunch with them or be served as at a restaurant, with oysters and all delicacies of the season during the afternoon and evening at Odd Fellows Hall, West Market Street. No admission charged either to the promenade concert tonight but expect you to patronize the tables. Usual prices. All proceeds for charities.

Winter is now beginning in earnest. We have the warmest goods at the mildest prices. n27 lw Fishblate-Katz Co.

MEDITERRANEAN SQUADRON

The Strong British Fleet at Gibraltar Suddenly Increased

WHAT IS IN THE WIND NOW?

The Fleet Was Already the Strongest Ever Assembled—Causes Widespread Comment

By Cable to THE TELEGRAM. London, Nov. 28.—The powerful battleship Canopus and cruisers Belona, Scout and Europa have been ordered to Gibraltar to reinforce the formidable Mediterranean Squadron. What this mysterious move means the admiralty is keeping carefully concealed, but as the fleet now at Gibraltar is the strongest ever assembled, the increase has excited widespread comment.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU. HIGH POINT, N. C., Nov. 28. R. L. Pickett spent yesterday afternoon in Greensboro on business.

D. R. Hoover represented Concord here yesterday.

P. H. Morris and Miss Morris, of Asheville, were in the city yesterday.

W. P. Wood, one of Asheville's business men, was here yesterday.

T. W. Seidell came over from Winston yesterday.

Chas. E. Moore came up from Greensboro yesterday.

Miss Mamie Smith, of this place, and Miss Hina Greene, of Boone, who is visiting the former, spent yesterday in Thomasville.

W. W. Jones, of Wilmington, after spending a day with his brother, J. E. Jones, here, returned home yesterday.

A large and neatly executed sign adorns the front of Union furniture factory.

An epidemic of smallpox has broken out at the terra cotta works near Pomona. No doubt the plague will add new Terra (terror) to the Pomona (poor mouse). However, whether you are frightened or not, the best thing for you to do is to stay in your own territory and not go near where the disease is prevalent.

Rev. J. R. Serogge, of the M. E. church, comes back to High Point for another year.

"Captain Dick" will be presented in the opera house here December 7th and 8th. The cast has been selected and the rehearsals will begin tonight in the opera house. This is a thrilling war play, full of love and romance, and does the clever actors, Messrs. Bertram and Willard, much credit.

Messrs. Sherrill and Baker, who disposed of their interests, save one fourth, in the High Point chair factory several weeks ago to a stock company composed of L. J. Ingram and the Messrs. Best, have bought back the same, the deal being made Saturday. We are told that Messrs. Sherrill and Baker will now remain here instead of moving back to their old home at Hamilton, as was first intended. Glad that they, after due consideration, have decided to locate permanently with us.

THE SMALLPOX CASES.

Board of Aldermen Take Action for the Protection of Greensboro.

The sixteen smallpox patients at the Pomona Terra Cotta Works are reported to be getting along very well today. The cases are all of a very mild form and none of the patients are dangerously sick. The presence of this disease was not discovered until Saturday night. The county commissioners met with Dr. B. W. Best, the county physician, yesterday, and issued an address of warning, which will be found elsewhere. No regular quarantine has been established, except against persons living at Pomona who have been exposed to the disease.

As announced in yesterday's Telegram, the board of aldermen held a special session yesterday evening at 4:30 o'clock, Mayor Taylor presiding. Those present were: Ellington, Hunter, Merritt, Sergeant, Denny, Walker and Wright.

The meeting was held for the purpose of taking some action for the protection of the city against the outbreak of smallpox at Terra Cotta Works, four miles west of the city.

Alderman Merritt offered an ordinance, which was passed, requiring all persons residing or working in the neighborhood of the Terra Cotta Works, or Pomona, who come within the corporate limits of the city of Greensboro within thirty days to have a physician's certificate of recent vaccination. The penalty for violating this is \$2,000.

Alderman J. S. Hunter was elected mayor pro tem., vice P. D. Price, resigned.

A Year of Many Sundays.

Eighteen hundred and ninety-nine began Sunday and ends Sunday, and therefore there will be fifty-three Sundays in the year. October, November and December have fourteen Sundays, two or three months having five Sundays each, which is extraordinary. Usually only one month in a quarter has five Sundays.

SENT ON TO COURT.

The Case for Removing the Old Car Track Heard by 'Squire Eckel.

It will be remembered that on the morning of October 8th, between midnight and day, the iron rails of the old street car track were torn up from the residuum of the late David Schenk on North Elm street to H. W. Wharton's, near the finishing mill, a distance of about half a mile.

The work of tearing up the track, it was said, was done by the direction of Caesar Cone, who had several years ago purchased that end of the car track from the street car company.

About 200 yards of the track was on lands of Capt. B. J. Fisher, and it was presumed that the reason for tearing up the rails in the night time was to avoid the annoyance of an injunction, as that part of North Elm, according to court decisions, belongs to Capt. Fisher and it is not certain but that he would have filed objections.

But, true to the prediction of the Telegram, the matter has been heard from again, and as noted in last evening's issue, Capt. Fisher issued a warrant yesterday charging Caesar Cone with removing the rails from his property, and the case was heard before 'Squire Eckel at 3 o'clock yesterday afternoon.

Mr. Cone was represented by Ex-Judge W. P. Bynum, Jr., and Mr. Kimball, of the firm of King & Kimball. Col. Staples appeared for Capt. Fisher.

The case was a novel one and very interesting. Mr. W. T. Gayle made a stenographic report of the evidence.

Judge Bynum contended that the warrant, as drawn, did not charge his client with feloniously entering upon lands of Capt. Fisher and wilfully and unlawfully removing said rails in such a manner as to indicate the same to be a part of the realty, and asked that the warrant be either amended or dismissed.

After considerable discussion the warrant was amended and Capt. Fisher was the first witness placed on the stand. He testified that the rails belonged to him and that they were stolen while he was in Washington. He said he acquired the rails in a suit against the city of Greensboro several years ago. He remembered the sale of the property of the street car company to Moses Cone, who transferred same to his brother, Caesar.

F. A. Pearce testified that he took up the rails on October 9th, under the direction of Caesar Cone.

This closed the testimony for the state, and Dr. D. W. C. Benbow was put on the stand for the defense. He said he was an officer of the North Carolina Steel and Iron Company and that the property and rights of the street car company were sold to Mr. Cone. The minutes of the directors and stockholders of the Steel and Iron Company were introduced as evidence, as related to this sale.

Moses H. Cone took the stand and stated that his negotiations for the purchase of the property were made mostly with Capt. Fisher, and that Capt. Fisher, as a director and stockholder, acquiesced in his purchase.

This concluded the testimony and Judge Bynum, in an able and learned speech, opened the argument of counsel. He stated that the evidence showed that the Steel and Iron Company put down the track, and that Capt. Fisher, as a stockholder and director, acquiesced in the sale to Moses H. Cone, who conveyed it to his brother, and the road was never operated after Mr. Cone bought it. He reviewed the evidence and asserted that Caesar Cone had a right to take his own property off the lands of another, and cited 104 N. C. Reports, page 566, as authority.

Col. Staples made a strong argument and began by saying that the North Carolina Steel and Iron Company had no authority to convey this road to Mr. Cone. He argued that Mr. Cone bought nothing from Capt. Fisher, and that the rails were a part of Capt. Fisher's realty. He also recited the evidence and stated that there was no testimony to show that the Steel and Iron Company had a title to the car track.

At the conclusion of Col. Staples' speech 'Squire Eckel stated that there were involved many grave legal points in the suit and he felt his duty to send it on to superior court to be decided by a jury. Mr. Caesar Cone's bond was fixed at \$100.

NORMAL NOTES.

The Board of Directors in Session at the Institution.

The majority of the patients at the State Normal and Industrial College are reported much better today, though two or three of the sick are unimproved. Miss Turner, the matron, is critically ill.

The board of directors of the institution met last night and heard the report of President Melver, Prof. J. L. Ludlow and Dr. R. H. Lewis. The board is also in session today.

The following directors are present: C. U. Mebane, of Raleigh, chairman ex officio; S. M. Gattis, of Hillsboro; W. D. Turner, of Statesville; John E. Fowler, of Clinton; J. A. Blair, of Asheville; and Dr. J. M. Spauldine, of Lenoir, secretary. H. G. Chatham, of Elkin, is expected today. The other members are detained at their homes by sickness.

Greensboro Selected.

At last night's session of the annual Western North Carolina Conference of the M. E. Church, South, at Concord, Greensboro was chosen as the place for holding the next conference, which will be next November. The sessions of the conference will be held in West Market church.

Col. Roberts, the polygamist congressman-elect, has arrived at Washington, and expects to take his seat in the body next week. He brought none of his wives along with him.

The Greensboro shop windows are becoming more beautiful every day as Christmas approaches. The holidays will find our thoughtful merchants with their every department filled with good, pretty and comfortable things.

The protest of the Western North Carolina Conference of the M. E. Church against allowing Roberts a seat in the next congress voices the sentiments of the majority of the American people, we think. But how about the Sultan of Sulu incident?

The Telegram is pleased at the report of the state bacteriologist, Dr. Anderson, of Wilson, on the specimen of Greensboro city water sent him by Prof. J. M. Bandy, the city civil engineer. The analysis in demonstrating the city water to be pure substantiates the statement in this regard ventured by the Telegram a few days since.

The Richmond Shipbuilding company, William R. Trigg's works, is going to build one of the cruisers ordered by the naval board of construction. They have received the contract. Such is very gratifying to southerners—that the old capital of the confederacy should assist in increasing the new navy. The ships that Trigg builds are entirely up-to-date, too.

Collis P. Huntington, the millionaire contributor to Dewey's home, who gave \$2,000 to the fund, says that the admiral was right in transferring his home to his wife. Collis is probably right. At any rate if those who presented the house are satisfied with its disposition, others should be. It might be observed that the most boisterous kickers are those who never donated a red toward the admiral's present.

With Thanksgiving only a day distant it would not be improper for those blessed in this world's goods to take a look around them for some object of charity. There are plenty of souls about to whom some white bread would come as a gift from above, and the giver could find a purer, sweeter happiness by appealing the hunger of somebody who is ready to give up the struggle than he or she can find in sitting down to their own luxury-heaped table.

In consequence of the cessation of organized resistance to the Americans in the Philippines, the fugitive Aguinaldo has ordered his followers to scatter and engaged in guerrilla methods, the hardest kind of fighting to resist successfully. Ambuscades are reported on every hand. If anyone had thought the fun is over in the Philippines, let him be undeceived immediately. The trouble has begun in earnest, the more exasperating because it's so hard to get "at."

The people of Greensboro are highly pleased that the conference at Concord has made no changes in the Methodist pulpits of this city. The return of Revs. Wood, Rowe and Wagg will meet with a glad welcome. These are noble, brave and consecrated soldiers of the cross, and pleasant and able gentlemen. We would have been sorry to lose them, and the Telegram joins in assuring them that they are welcome back again. The people of Proximity, while regretting the loss of Rev. Mr. Rowe sometime since, extend to his successor, Rev. M. Marsh, a hearty welcome.

It is thought that the smallpox outbreak at Pomona is nothing serious. Physicians in charge report it of a very mild type, and no quarantine will be established. People have become skeptical in regard to smallpox—it has become such a common thing—and the effect of the despoiled disease must be shown clearly before they will believe in its existence. Public and professional opinion has become less wary since last winter when the doctor

in attendance upon the first alleged case of the disease in South Greensboro was accused of feeling the victim's pulse through an open window with a pair of tongs.

LAWLESSNESS CONDEMNED.

The Close of the A. P. E. Conference. Harmonious Session.

The A. M. E. Z. Conference closed last evening after a profitable and harmonious session. The members of this conference are among the most progressive of the state. They are in earnest that their influence shall be for right. The report on the state of the country condemns crime in as positive a manner as possible. Among other things it says:

"We do not sympathize with criminals. We recognize the fact that too many of the race constitute a part of the criminals of the state by which we as a race are judged. The crime of assault on women is too reprehensible for any sort of sympathy and we condemn it as deserving the severest kind of punishment, but always by judicial determination as to clearly establish the guilt of the same. Our race has no respect for and will not tolerate any being with such brutal instincts as will lead to the commission of a crime so revolting in every respect. One so lost to every feeling of self-respect, of manhood, of Christian principles is as much an enemy to his own race as to the victim of his barbarity. And yet the mob which takes the life of such a villain lessens the effect that the punishment meted out as the law prescribes would have given."

The report is signed by J. C. Dancy, F. H. Hill, J. R. Shepard, J. J. Sull, C. K. Smith and J. S. Barnett.

Rev. R. L. Houston has been reappointed to this point. The conference thanks the good people of Greensboro for their kindly treatment, and the Telegram and Record, also other papers of the state for such recognition as has been given its sessions. The Greensboro press they say is unexcelled in its liberality.

ADDRESS OF WARNING

In regard to the outbreak of Smallpox at Terra Cotta.

North Carolina, Guilford county. Whereas, it has come to the knowledge of the authorities of Guilford county that there is an epidemic of smallpox at Terra Cotta Works in said county, and whereas, it is made the duty of said authorities to warn all citizens of the county and persons generally of the said epidemic and to urge upon all persons the importance of immediate vaccination in order that a scourge of that disease may be averted.

Now therefore, we the board of county commissioners and county superintendent of health of said county most earnestly urge upon all persons the wisdom and the duty of being vaccinated at once. Should the disease spread and the people neglect this warning and request, it may become necessary for us in compliance with law, and in order to prevent a devastating epidemic of this terrible disease, to order compulsory vaccination. All persons who are unable to pay the expenses of vaccination, will be vaccinated free by the county.

B. A. Best M. D., Superintendent of Public Health.

W. C. Boren,
W. H. Ragan,
W. C. Michael,
County Commissioners.

VACANCIES IN A. & P. COLLEGE

Entrance Examination to be Held in Each County December 16, 1899.

Young men desiring to enter the Agricultural and Mechanical College may be examined Saturday, December 16, 1899, in the county court house of any county in the State at 10 o'clock a. m., by the County Superintendents of Schools. The subjects of examination will be arithmetic (complete), algebra, through fractions, English, German and Analysis, and American History. There will probably be about twenty vacancies in the college, and young men will be selected to fill these vacancies who pass the best examinations and have the best endorsements as to character. This is a rare opportunity for worthy boys to fit themselves for success in life by means of a practical education. Those desiring to be admitted would do well to write at once to President Winston, Raleigh, N. C.

THE SAMOAN ARRANGEMENT.

Our Government Rejects British-German Draft—Submits Another.

Washington, Nov. 27.—The United States has declined to accept the agreement as to the disposition of the Samoan Islands reached by Great Britain and Germany. The reasons which influenced the state department here in rejecting the British-German arrangement related entirely to minor matters and touched rather upon the form than the substance of the arrangements. Our government has, at the instance of the other parties, prepared and submitted a draft of a treaty which it is hoped will be acceptable to all three powers. This is now before the foreign offices at London and Berlin for consideration, and it is confidently believed here that it will receive unanimous approval, as it does not differ in principle from the original project.

Shafter's Retirement.

Washington, Nov. 24.—The President will ask the incoming Congress to pass an act retiring General Shafter, with the rank of major general in the regular army. He has already been retired with the rank of brigadier general.

This purpose of the president is the retention of General Shafter in the volunteer service up to this time, it being felt that his chances would be brightened by his retention in the active army until Congress has an opportunity to act.

The Fishplate-Katz Co. will retire on January 1st, 1899. Take advantage of the bargains in every line now offering.

THROAT TROUBLES

Are Troublesome if They are Not Serious.

Corner Opposite Postoffice

TRAINS COLLIDE.

A Crash in the Depot Yard at Raleigh No Lives Lost.

At 4:15 yesterday afternoon there was a bad smash up at the railroad crossing just beyond at the Union depot. The train on the Cape Fear and Northern, Mr. Miller's road, was just backing out of the station when it and a train of freight cars which was being pushed by a Seaboard switching engine came together with a crash. The cars were derailed and considerably damaged and both of the Southern and Seaboard tracks were blocked temporarily by the debris. It was good luck that there was no loss of life. Fortunately the passenger coach of the accommodation train on the C. P. & N. was in the middle of the track instead of at the rear as usual, otherwise there would have been a frightful tragedy.

Responsibility for the accident was disclaimed by both roads yesterday and spectators, who were plentiful as the accident occurred just when the passenger trains are due, were divided, some saying one train was responsible and some the other.

No estimate of the damage could be had.—News-Observer, 28th.

MILLIONS INVOLVED.

Cotton Seized and Sold During the War.

Columbia, S. C., Nov. 27.—Gov. Miles B. McSweeney today addressed a letter to the governor of each southern state asking for united effort to get southern representatives in congress to work for the passage of a bill refunding eleven million dollars to Southern people from whom cotton was seized by United States troops during the war between the states.

The cotton was sold by the collector of customs of New York, and the funds placed in the United States treasury. The United States supreme court has decided that the government has no right or title to these funds, which are held for the ultimate return to those entitled thereto.

But these funds cannot be sold except by congressional action, as legislation is necessary before action can be brought against the sovereign government. By special legislation some few claims have been granted, but it is desired that congress remove all restraints so that lawful owners or heirs may be reimbursed. A senate bill was introduced last year, and was reported favorably by the senate committee on claims, but was lost sight of in some way.

Buggy Badly Broken.

Dr. W. P. Beall's buggy is a complete wreck as a result of a collision with a hack Sunday night on Walker avenue. The hack was coming down the hill and Dr. Beall pulled his horse far to the right but the careless hack driver allowed his vehicle to collide with Dr. Beall's buggy turning it over and smashing it to pieces, and hurling Dr. Beall and Miss Julia Settle, who was with him, to the ground. Fortunately no one was seriously injured but Dr. Beall was considerably bruised. His horse ran away and was not found for several hours.

No need to wear old clothes when you can get a new one at less than manufacturers' prices.

Fishplate-Katz Co.

Chamberlain's Pain Balm Cures Others, Why Not You?

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best satisfaction. She has used only one bottle and her shoulder is almost well.—Adolph L. Millett, Manchester, N. H. For sale by C. E. Holton, druggist.

It's sometimes easier to throw out a bluff than to throw out a bluffer.

A Frightful Blunder

Will often cause a horrible burn, scald, cut or bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures old sores, fever sores, ulcers, boils, felonies, corns, all skin eruptions. Best pile cure on earth. Only 25 cts. a box. Cure guaranteed. Sold by C. E. Holton, druggist.

Hoax.—"By George, old chap! your hair's coming out fast. You'll be pretty bald if it keeps on." Joax.—"I'll be baldier still if it doesn't keep on."

C. E. Holton, druggist, guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to any one who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

It doesn't do a man any good to know the ropes if he hasn't got a pull. Geo. Noland Rockland, O., says "My wife had piles forty years. Dr. Williams' Witch Hazel Salve cured her. It is the best salve in America." It heals everything and cures all skin diseases. Howard Gardner.

"Maybe this work doesn't tire a fellow," exclaimed the first burglar, as they operated on the safe. "You bet," responded his companion, "and the worst of it is we can't stop for arrest."

LaGrippe, with its after effects, annually destroys thousands of people. It may be quick! One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia, and throat and lung troubles. It will prevent consumption. Howard Gardner.

Thanksgiving approaches. The winds chilly grow; And now the wise turkey makes tracks, While our rural acquaintance, the Man with the Hoe, Does a turn as the Man with the Ax.

You never know what form of blood poison will follow constipation. Keep the liver clean by using DeWitt's Little Early Risers and you will avoid trouble. They are famous little pills for constipation and liver and bowel troubles. Howard Gardner.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and \$1.00. Trial bottles free at C. E. Holton's drug store.

The flagman at the railroad crossing waives responsibility for the company.

Used by British Soldiers in Africa.

Capt. C. G. Denleau is well known all over Africa, as commander of the forces that captured the famous rebel Gallahe. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial."—For sale by C. E. Holton, druggist.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by C. E. Holton, druggist.

No, Maude, dear, strange as it may seem, a man cannot turn an honest penny by tossing coppers.

Spain's Greatest Need.

Mr. R. P. Oliva, of Barcelona, Spain, spends his winters at Alken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50c. Sold by C. E. Holton, druggist.

"This is rough on me," remarked the hobo, as he ran his hand over the three days' growth of beard on his chin.

Dr. H. H. Haden, Summit, Ala., says: "I think Kodol Dyspepsia Cure is a splendid medicine. I prescribe it, and my confidence in it grows with continued use." It digests what you eat and quickly cures dyspepsia and indigestion. Howard Gardner.

Now For School.

An Interesting Game Promised for Thanksgiving Day.

Correspondence Telegram
Oak Ridge, Nov. 28.—Everything will be on tip-toe here this week as to the result of the Thanksgiving football game at Raleigh between Oak Ridge and the A. & M. College.

Both teams will be on their mettle as the game will virtually decide the state championship of schools and colleges. It is conceded that Oak Ridge can beat anything in the state except the University and the A. & M. College, and if it wins over the latter Thursday, it retains the position it held last year of standing next to the University. On the other hand, should A. & M. win, the championship of schools and colleges goes to her, as she has tied the University in one game, which no other school has done, and will have defeated Oak Ridge, which put up the strongest game the University has had to play this year, and defeated Davidson on Davidson grounds.

Which will win? Only Thursday can decide. The A. & M. has a strong combination of players and plays aggressive, snappy ball. She will be on her own ground and will have the advantage of the crowd. Her team will also be better rested when the game is called. Oak Ridge is going down that day.

Oak Ridge will be in fine form, having fully recovered from the Davidson game, and will go down to win. Capt. Joyner will play the game of his life at half-back. Ross, the other half-back, is a great ground gainer, and Bennett, the full back, is at home wherever he hangs up his hat. Kirkpatrick, at center, has done fine work all the year and is steady and sure. Hester and Hamer give him good support as guards.

Prof. Wright, formerly captain of the University team, knew a few things about football before and has been reading up some lately. Thomas at left tackle, is an engine of war. Howard and Bennett at ends are swift and sure. So is Daughtrige, who may play that position instead of Howard. If the Greensboro people want to see a real good article of football, there is no use of going to Atlanta. Let them just run down to Raleigh next Thursday. Zeno.

BACTERIOLOGICAL ANALYSIS.

The Greensboro Water Supply Found to be Good.

The following is the official report on the Greensboro water, made by Dr. Albert Anderson:

Mr. J. M. Bandy, City Engineer, Greensboro, N. C.:
Dear Sir—I submit the following report of water taken by Dr. Best and sent me by you Nov. 21, 1899. Sample B contained only 57 colonies to the C. G., but all the bacteria were benign in growth.

I notice you state that samples were taken from North Buffalo creek. My analysis shows water to be good at that point.

Respectfully,
Albert Anderson, M. D.

BRIEF LOCAL MATTERS.

G. H. Royster went to Burlington this afternoon.

Mayor Taylor went to Washington last night on legal business.

R. L. Vernon, of the Southern, went down the Raleigh road at noon.

By reading Bendheim's ad today you will see that the big sale is still on.

M. D. Bailey, a prominent tobacco manufacturer of Winston was here last night.

General James D. Glenn returned today from a short business trip down the Raleigh road.

There will be no service at the Baptist church tonight. Regular monthly conference tomorrow night.

R. M. Phillips, editor and manager of the Telegram, returned this morning from a business trip to Siler City.

Revs. T. M. Johnson and J. F. McCulloch have returned from the M. P. conference at Pyle, Stanly county.

Col. A. M. Waddell and wife, of Wilmington, passed through the city today returning home from a visit to Asheville.

Revs. F. H. Wood, P. J. Carraway, T. E. Waggoner and W. L. Grissom and J. A. Odell returned today from conference at Concord.

Dr. R. H. Lewis, secretary of the state board of health, who has been at the Normal since Saturday, left today for his home at Raleigh.

Mr. and Mrs. S. L. Gilmer, of Mt. Airy, after spending a few days in the city, left today for Waynesville to visit their son, R. D. Gilmer.

Their friends will regret to learn that the baby girl of Mr. and Mrs. A. M. Scales is critically ill. Very little hope is entertained for its recovery.

C. W. Prentiss, superintendent of the Winston Furniture factory, passed through here today going to Philadelphia and New York on a business trip.

Officer Pearce pulled Holly Thornton yesterday evening for carrying a pistol. Mayor Taylor bound him over to court in a bond of \$50, in default of which he went to jail.

The calendar of civil cases for the December term of Guilford county superior court, which begins next Monday, has been printed. Judge George H. Brown, Jr., will preside.

A Thanksgiving box is now being made up for Harlow Springs orphanage. Any one having anything to eat, or clothing to cut down, or cloth of any kind, will please send it to W. I. Moore this week, 125 children to feed and clothe.

E. M. Caldebaugh & Brother have added the finishing touches to the arrangement of their immense holiday display of fancy goods in china, glass and crockery, and are now ready for the trade. Many new novelties in both useful and ornamental goods are displayed this season.

Prof. Brown has promised some very attractive music for the promenade concert tonight at Odd Fellow's hall. Those who have been fortunate enough to have cards to his pupils' recital will be glad to avail themselves of this opportunity. There is no more popular instructor in town or more courteous or accommodating and the ladies are fortunate in their selection of conductor of music.

Take your mothers, wives, sisters and daughters and especially the sweethearts and beaux to the promenade concert and oyster supper this evening at Odd Fellows Hall on West Market street, under the patronage of the Altar Guild of St. Barnabas church. It promises to be quite a social affair. This is the society that gave that well remembered and successful affair last winter called the War of The Roses.

33 O. M. C. 99.

A Unique Society Organized in Greensboro.

The Old Maids' Club has been organized under very auspicious circumstances. Eleven ladies, needless to say all having seen sixteen summers, met one night last week at Mrs. D's house, who consented to be the chap-erone.

Miss D. was unanimously chosen president, Miss L. secretary and Miss R. treasurer.

The constitution was drawn up and the meeting nights settled on, which are to be every third Wednesday night of every month. The meeting place is given out the afternoon before the meeting.

At present the maids dispense with escorts.

Progressive clubs has been decided the proper game, and clubs trumps. Miss G. won the first prize, a very pretty bower with a canary bird.

After refreshments had been served, the 33 O. M. C. 99 adjourned for the evening. O. of O. M.

Gymnasium for Greensboro.

There is a movement on foot among the young men of Greensboro to equip some large room in this city with apparatus for a first class gymnasium, and a meeting will be held in a few days to organize. About forty young men have already agreed to join the club, which will have for its object the amusement and physical development of our young men. This is an important step and should receive the sanction of our business men and the encouragement that it deserves. Notice of the time and place of the meeting will be made in the Telegram.

Don't think because we have advertised and talked about men's \$3.50 and \$4.00 shoes so much lately that we don't sell cheaper ones. We would like to show you our McKay sewed Vici Kid shoes, full leather lined, made in the new English and London fashions and sold at \$2.25. You will wonder how such an excellent wearing and good looking shoe can be sold for such a price. If you want the best winter tan shoe ever put on the market for \$2.25, our Hamilton-Brown Shoe Co.'s "Lawson" shoe will fill the bill, and we have a black Box Cal shoe for the same price that is a hummer. Thacker & Brockman.

Death at Proximity.

R. H. Seawell, aged 55 years, died at 11:45 o'clock last night at his home at Proximity, after a five weeks' illness. The funeral will be held at Friendship church, Moore county, tomorrow afternoon, the remains leaving here on the 12:15 train tomorrow. Mr. Seawell was a native of Moore county and for several years was a public school teacher in that county. He moved to Greensboro about the first of the year, since which time he has held a position with the Proximity Manufacturing Company. A wife and seven children survive him.

Notice to Shippers.

The Southern Railway freight depot will be closed on Thursday, Nov. 30th, Thanksgiving day, except for the delivery of perishable freight in the morning. W. E. Coffin, Agt. 2t

Well Known Printer Dead.

After an illness of about four weeks, Ad. Harvey died at 4 o'clock this morning at his home, corner Lee and Ashe streets. The funeral takes place at Mt. Pleasant church, six miles east of the city, at 12 o'clock tomorrow. Deceased was about 35 years old and leaves a wife and two children to mourn his demise. He was a well known printer, and held a position in the Telegram composing room until sickness overtook him.

The sympathy of the community goes out to the bereaved ones in their affliction.

We are just a little torn up in front but you can get into our place with dry feet and when you are in the money you will save will overpay your trouble.
